The forty-four page original publication by the late David H. Proulx of Baldwinsville, New York, was published by the ESPHS in 1990 in soft cover and stapled format. His premature death on November 6, 2007, delayed revision of this ongoing research project.

Listed below are a few cancels for which he has not been able to assign a type. Please contact Estus at P. O. Box 451, Westport, NY 12993-0451; 518-962-4558; or [GESTUS@WESTELCOM.COM](mailto:GESTUS@WESTELCOM.COM) if you have any of these cancels. Clean photocopies of the originals would be greatly appreciated.
